LIFE management

Who takes part in management of LIFE in France

- The Ministry for environment, energy and the sea
 - authority responsible for LIFE
 - provides technical assistance to proponents
- 3 National contact points in 3 different Directorates
- An external contractor

enviropeA

LIFE management

What is the difference btw NCP and the external contactor

- Main difference is the audience :
 - NCPs provide assistance to all FR proponents
 - The external contactor to about 30 proponents a year, selected by NCPs
- A few tasks are shared :
 - Informing about the programme
 - Advising proponents and answering their questions

LIFE management

What is the difference btw NCP and the external contactor

- Specific tasks for NCPs
 - Ensure communication with the Commission
 - Organise meeting btw proponents and the experts of the ministry
- Specific tasks required from the external contractor
 - Leads a workshop on how to write a LIFE proposal
 - Reads the final proposal and suggests improvements

LIFE management

What do we do to help proponents

- Built a new section on the Ministry website

Le programme européen de financement LIFE

Le programme LIFE est un instrument financier de la Commission européenne entièrement dédié à soutenir des projets dans les domaines de l'environnement et du climat.
